**INSTITUTIONAL INFORMATION
FOR REVIEWERS**

Directions:

Please address the following and attach the information to this form.

1. History and Characteristics

Provide a brief history of the institution, a description of its current mission, an indication of its geographic service area, and a description of the composition of the student population. Include a description of any unusual or distinctive features of the institution and a description of the admissions policies (open, selective, etc.). If appropriate, indicate those institutions that are considered peers. Please limit this section to one-half page.

2. List of Degrees

List all degrees currently offered (A. S., B.A., B.S., M.A., Ph.D., for examples) and the majors or concentrations within those degrees, as well as all certificates and diplomas. For each credential offered, indicate the number of graduates in the academic year previous to submitting this report. Indicate term dates.

3. Off-Campus Instructional Locations and Branch Campuses

List **all locations** where 50% or more credit hours toward a degree, diploma, or certificate can be obtained primarily through traditional classroom instruction. Report those locations in accord with the Commission's definitions and the directions as specified below.

Off-campus instructional sites—a site located geographically apart from the main campus at which the institution offers **50 % or more** of its credit hours for a diploma, certificate, or degree. This includes high schools where courses are offered as part of dual enrollment. For each site, provide the information below. **The list should include only those sites reported and approved by SACSCOC.** Listing unapproved sites below does not constitute reporting them to SACSCOC. In such cases when an institution has initiated an off-campus instructional site as described above without prior approval by SACSCOC, a prospectus for approval should be submitted immediately to SACSCOC.

1. History and Characteristics

Founded in 1770, the College of Charleston is a state-supported comprehensive institution that provides education in the arts and sciences, education and business. With the main campus located in the heart of historic Charleston, the College strives to meet the growing educational demands primarily of the Lowcountry and the State of South Carolina and, secondarily, of the southeast United States. Consistent with its heritage, a liberal arts undergraduate curriculum is central to the mission of the College. In addition to offering a broad range of baccalaureate degree programs, the College also provides a range of master's degree programs that are compatible with the needs of the community and the State. A recent change in the College's mission would allow for a limited number of doctoral degrees should location and need warrant.

The College of Charleston serves a student body from its geographical area and also recruits students from national and international communities. The College seeks applicants capable of successfully completing degree requirements and students who excel academically. Total headcount enrollment in fall 2015 was 11,946 including 9,590 full-time undergraduate; 288 full-time graduate; 878 part-time undergraduate; 775 part-time graduate; and 415 students enrolled in non-credit courses. Eight schools (School of the Arts; School of Business; School of Education, Health, and Human Performance; School of Humanities and Social Sciences; School of Languages, Cultures, and World Affairs; and School of Science and Mathematics; Graduate School of University of Charleston, South Carolina (UCSC)) report to the Executive Vice President and Provost, as does the Honors College. Off-campus locations under the direction of the College include College of Charleston North Campus; Lowcountry Graduate Center; Grice Marine Laboratory; 701 East Bay Street; and La Rochelle, France.

The College of Charleston peer list includes Appalachian State, Elon University, James Madison University, University of Mary Washington, University of North Carolina Wilmington, and University of Tampa. Aspirational peers include Boston College, College of William and Mary, Miami University, and University of New Hampshire.
