

### Snapshot

NSSE asks first-year and senior students about a wide range of educationally purposeful activities (for more information, see page 4). This *Snapshot* is a concise collection of key findings from your institution's NSSE 2013 participation. We hope this information stimulates discussion on your campus about the undergraduate experience. Additional details about these results, including statistical test results, can be found in the reports referenced throughout.

### Comparison Group

The comparison group featured in this report is

### Southeast Public

See your *Selected Comparison Groups* report for details.

### Engagement Indicators

Sets of items are grouped into ten Engagement Indicators, which fit within four themes of engagement. At right are summary results for your institution. For details, see your *Engagement Indicators* report.

Key:

- ▲ Your students' average was significantly higher ( $p < .05$ ) with an effect size at least .3 in magnitude.
- △ Your students' average was significantly higher ( $p < .05$ ) with an effect size less than .3 in magnitude.
- No significant difference.
- ▼ Your students' average was significantly lower ( $p < .05$ ) with an effect size less than .3 in magnitude.
- ▽ Your students' average was significantly lower ( $p < .05$ ) with an effect size at least .3 in magnitude.

### High-Impact Practices (HIPs)

Due to their positive associations with student learning and retention, special undergraduate opportunities are designated "high-impact." For more details and statistical comparisons, see your *High-Impact Practices* report.

<i>Senior</i>	384	15%	69%	90%

### Additional Questions

Your institution did not choose to administer additional questions. In future administrations, you may customize NSSE by participating in a topical module or a consortium. See our Web site for more information.

Refer to your *Administration Summary* and *Respondent Profile* reports for more information.

### Academic Challenge: Additional Results

The Academic Challenge theme contains four Engagement Indicators (HO, RI, LS, QR) as well as several important individual items. The results presented here provide an overview of these individual items. For more information about the Academic Challenge theme, see your *Engagement Indicators* report. To further explore individual item results, see your *Frequencies and Statistical Comparisons*, the *Major Field Report*, or the *NSSE Institutional Report Builder* (described on p. 4).

#### Time Spent Preparing for Class

This figure reports the average weekly class preparation time for your first-year and senior students compared to students in your comparison group.

#### Reading and Writing

These figures report the average number of hours your students spent reading for their courses and the average number of pages of assigned writing compared to students in your comparison group.

#### Challenging Courses

To what extent did your students' courses challenge them to do their best work? Response options ranged from 1 = "Not at all" to 7 = "Very much."

#### Academic Emphasis

How much did students say their institution emphasizes spending significant time studying and on academic work? Response options included "Very much," "Quite a bit," "Some," and "Very little."

### Item Comparisons

By examining individual NSSE questions, you can better understand what contributes to your institution's performance on Engagement Indicators and High-Impact Practices. This section displays the five questions<sup>a</sup> on which your first-year and senior students scored the highest and the five questions on which they scored the lowest, relative to students in your comparison group. Parenthetical notes indicate whether an item belongs to a specific Engagement Indicator or is a High-Impact Practice. While these questions represent the largest differences (in percentage points), they may not be the most important to your institutional mission or current program or policy goals. For additional results, refer to your *Frequencies and Statistical Comparisons* report.

#### First-year

##### Highest Performing Relative to Southeast Public

- Participated in a learning community or some other formal program where... (HIP)
- Quality of interactions with... Academic advisors<sup>d</sup> (QI)
- Talked about career plans with a faculty member<sup>b</sup> (SF)
- Discussions with... People with political views other than your own<sup>b</sup> (DD)
- Quality of interactions with... Faculty<sup>d</sup> (QI)

##### Lowest Performing Relative to Southeast Public

- Explained course material to one or more students<sup>b</sup> (CL)
- Examined the strengths and weaknesses of your own views on a topic or issue<sup>b</sup> (RI)
- Evaluated what others have concluded from numerical information<sup>b</sup> (QR)
- Used numerical information to examine a real-world problem or issue (...)<sup>b</sup> (QR)
- Reached conclusions based on your own analysis of numerical information (...)<sup>b</sup> (QR)

Percentage Point Difference with Southeast Public

#### Senior

##### Highest Performing Relative to Southeast Public

- Completed a culminating senior experience (...) (HIP)
- Participated in a study abroad program (HIP)
- Participated in an internship, co-op, field exp., student teach., clinical placement. (HIP)
- Worked with a faculty member on a research project (HIP)
- Inst. emphasizes... Providing support for your overall well-being...<sup>c</sup> (SE)

##### Lowest Performing Relative to Southeast Public

a. The displays on this page draw from the 53 items that make up the ten Engagement Indicators and six High-Impact Practices. Key to abbreviations: HO = Higher-Order Learning, RI = Reflective & Integrative Learning, LS = Learning Strategies, QR = Quantitative Reasoning, CL = Collaborative Learning, DD = Discussions with Diverse Others, SF = Student-Faculty Interaction, ET = Effective Teaching Practices, QI = Quality of Interactions, SE = Supportive Environment, HIP = High-Impact Practice.

Item numbering corresponds to the survey facsimile included in your Institutional Report and available on the NSSE Web site.

b. Combination of students responding "Very often" or "Often."

c. Combination of students responding "Very much" or "Quite a bit."

d. Rated at least 6 on a 7-point scale.

e. Percentage reporting at least "Some."

### How Students Assess their Experience

Students' perceptions of their cognitive and affective development, as well as their overall satisfaction with the institution, provide useful evidence of their educational experiences. For more details, refer to your *Frequencies and Statistical Comparisons* report.

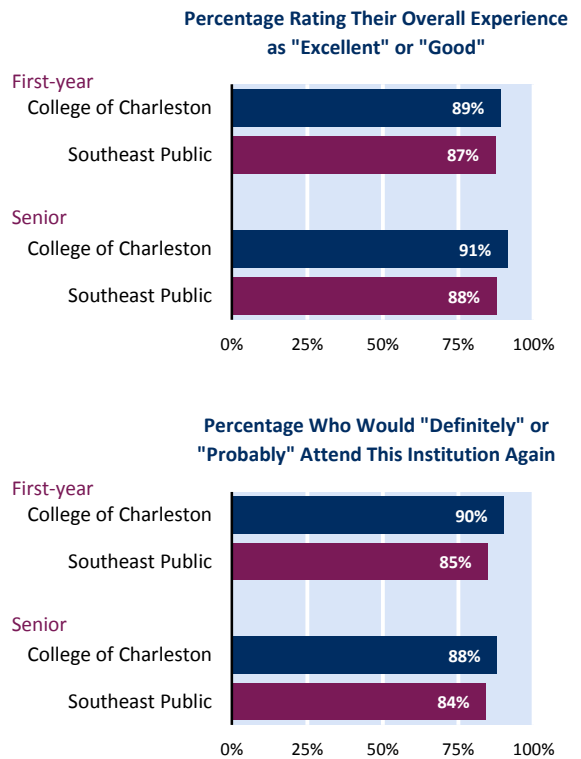

#### Perceived Gains Among Seniors

Students reported how much their experience at your institution contributed to their knowledge, skills, and personal development in ten areas.

Perceived Gains (Sorted highest to lowest)	Percentage of Seniors Responding "Very much" or "Quite a bit"
Thinking critically and analytically	89%
Writing clearly and effectively	75%
Speaking clearly and effectively	75%
Working effectively with others	74%
Acquiring job- or work-related knowledge and skills	64%
Developing or clarifying a personal code of values and ethics	62%
Solving complex real-world problems	60%
Being an informed and active citizen	60%
Understanding people of other backgrounds (econ., racial/ethnic, polit., relig., nation., etc.)	59%
Analyzing numerical and statistical information	55%

#### Satisfaction with the College

Students rated their overall experience at your institution and whether they would attend your institution again.

### What is NSSE?

NSSE annually collects information at hundreds of four-year colleges and universities about student participation in activities and programs that promote their learning and personal development. The results provide an estimate of how undergraduates spend their time and what they gain from attending their college or university. Institutions use their data to identify aspects of the undergraduate experience that can be improved through changes in policy and practice.

NSSE has been in operation since 2000 and has been used at more than 1,500 colleges and universities in the US and Canada. More than 90% of participating institutions administer the survey on a periodic basis.

### Try the Institutional Report Builder

The NSSE Institutional Report Builder, to be updated with 2013 results in early fall, is an interactive tool for participating institutions to instantly generate custom reports using their NSSE data. Create tables of Engagement Indicator statistics or item

frequencies that compare subgroups of students within your institution, or that compare your students to those from a customized comparison group. Access the Institutional Report Builder via the Institution Interface. [nsse.iub.edu/links/interface](http://nsse.iub.edu/links/interface)
